About Me	<p>Hi, my name is Dominic Bourgeois and Im a 21 year old student from Cologne Germany. Ive spent 6 months in Australia and came back to study Software Engineering at the TU/e in Eindhoven. Unfortunately they didn't teach me how to code so I left after the first Semester and Im currently studying Code&Context at the TH-Koeln.</p> <p>Im very interested in all things coding related with special focus leaning towards pen-testing and AI.</p> <p>I also like to do Sports and play Video-Games, where I get the most enjoyment out of exploiting game mechanics for the benefit of the player.</p>
Skills & Abilities	<p>Im fluent in English and German</p> <p>Decently skilled with Office-Products like Word, Excel and such</p> <p>Decently skilled with Java and Javascript and therefore familiar with object orientated code</p> <p>General knowledge of Comand Line and Git</p> <p>Familiar with Intelij and VSCode</p> <p>Im very good at Problem-Solving</p> <p>Work with what you have-mentatlity</p> <p>Not easily discouraged</p>
Relevant Experience	<p>Internship: Telekom Bonn – development and</p> <p>Study: Software Engineering at Technical University of Eindhoven 2020 – 2021</p> <p>Study: Code & Context at Technische Hochschule Koeln 2021 – now</p>
Education	<p>Irmgardis Gmynasium – Koeln – Abitur</p> <p>Graduation: 2019</p> <p>Final Grade: 2.1</p> <p>Leistungskurse: Mathematics Chemistry</p>
